

VIVREAU Top 15

A compact and premium source of excellent BRITA-filtered water.

BRITA continues its tradition of excellence with its new BRITA VIVREAU Top 15 solution. The filtration experts have channelled over 50 years' experience into a premium-quality system - with a capacity scaled to small-business needs, and a space-saving footprint ideal for confined hallways and kitchenettes.

BRITA VIVREAU Top 15 makes no compromises. It features an effective combination of the BRITA CLARITY Taste 50 filter, a state-of-the-art safety system, and BRITA's ThermalGate™ hygiene feature. The result is a highly versatile, reliable and compact solution designed especially for the needs of small businesses and individual departments.

 Opt for clean.
Opt for green.

At BRITA we have always cared about the environment. Our philosophy is to provide the best quality water from the most local source, eliminating the need for costly and polluting transportation and packaging. The installation of a BRITA water dispenser has an immediate impact on your ecological footprint.

The benefits to you

- The effective combination of BRITA ThermalGate™, BRITA CLARITY Taste 50 filter and leakage detection system
- Cooling capacity tailored to lower consumption needs
- Proven cost savings and environmental benefits compared to bottled water
- Advanced BRITA ThermalGate™ hygiene feature as standard
- Pre-programmable portion setting and water temperature
- Optional customisable base cabinet for floorstanding models
- Enjoy unchilled still, chilled still or chilled sparkling water
- The food-grade quality and safety of BRITA water filter products are tested and verified by independent institutions

Product compliant with
Reg. EC No 1935/2004

*applies to all materials in contact with water.

Hygiene concept

The advanced ThermalGate™ feature used in BRITA VIVREAU water dispensers thermally disinfects the tap at regular intervals, preventing the spread and proliferation of microbes into the unit. ThermalGate™ is continuously active, providing protection not only at peak times, but also during periods of inactivity, e.g. at night or on weekends. The result is an effective and proactive defence.

Corresponding accessories

BRITA Wave bottles are the perfect match for BRITA VIVREAU Top 15. Wave is available in glass or a fracture-resistant, high-quality BPA-free plastic, and is ideal for employees and guests alike. Both Wave and the optional base cabinet can be customised, e.g. with a company logo, to raise brand awareness.
